

VCWM-Series Camera Wall Mount

Product Overview

The TDK RF Solutions VCWM-Series Video Camera Wall Mount is designed specifically for mounting our shielded color video camera in an anechoic chamber or shielded test room.

The camera wall mount is constructed of durable, non-conductive, commercial grade fiberglass and plastic that will not interfere with RF test measurements.

The VCWM is available in a standard length of 1m to meet your test requirements. Custom lengths are also available to meet customer-specific requirements.

The VCWM comes complete with mounting brackets and fastening hardware. The camera wall mount can support up to 6 kg.

The TDK RF Solutions VCWM-Series Video Camera Wall Mount is specifically designed for permanently mounting of the TDK Color Video Camera in an anechoic chamber or shielded room. (TDK Camera sold separately.)
