#### **FEATURES**

- · Dynamic dV/dt Rating
- · Repetitive Avalanche Rated
- Surface Mount (IRFR210/SiHFR210)
- Straight Lead (IRFU210/SiHFU210)
- · Available in Tape and Reel
- · Fast Switching
- · Ease of Paralleling
- Lead (Pb)-free Available

#### **DESCRIPTION**

Third generation Power MOSFETs from Vishay provide the designer with the best combination of fast switching, ruggedized device design, low on-resistance and cost-effectiveness.

The DPAK is designed for surface mounting using vapor phase, infrared, or wave soldering techniques. The straight lead version (IRFU/SiHFU series) is for through-hole mounting applications. Power dissipation levels up to 1.5 W are possible in typical surface mount applications.
