Packages of 12 ea. Screw down types include installation hardware and are available in custom lengths on request.

Free Standing Connector Mounted Card Guides

Secure connection, rugged support of 0.062" thick, free standing circuit boards. For applications in which space is at a premium. Several sizes and styles available. Aluminum alloy construction. Mounting hardware included (HD55 Hardware Kit)

Part No.	Use With Connector	Α	В	С	D	For Use With	
BR27D	R644	.60"	2.96"	.47"	.25"	4.5" wide Plugbords with centered contacts, such as Vector 3677, 3682 and 3662 series	

High quality card guides feature tapered slots for easy insertion. Snap-in nylon models provide easy installation and removal without tools, and can be positioned at 0.25" increments when used with Vector-Pak T-struts (TS169-6/90). Screw-mounted models (installation hardware included) are available in metal or plastic and provide variable positioning along entire length of strut. Holes for mounting guides to struts are based on center-to-center multiples of 0.75". All materials are flame retardant.

Metal or plastic screw down card guides attach with SC4-27/25 flat head screw and NT4-7PA square nut
