Introduction

As a recognized leader in the field of safety, 3M continues to be at the forefront of providing innovative products that meet or exceed applicable industry standards. These are products that address the real-world safety challenges that are found in virtually every industry. The purpose of most of our safety products is to prevent accidents from happening in the first place. However, when injuries do occur, look to 3M for practical and effective solutions.

This catalog describes some of the products offered in our safety line. Each main category lists several products that can be used in settings such as plant/office entrances, reception areas, production areas, nurse's office, warehouses, shipping/receiving, labs, etc. The plant layout on the next page is meant to represent a typical facility. The color-coded bars indicate the areas in which different 3M products can be used.

If you have specific safety questions or have an urgent need to address safety issues, please call us at 1-800-243-4630 or visit our web site at www.3M.com/occsafety.

Floor Safety and Matting Products

3M™ Safety-Walk™ Tapes and Treads

Put friction where you need it–on ramps, walkways, steps, floors or machinery. Safety-Walk materials provide thousands of tiny contact points on the surface of the material. The treads are available with an easy-to-use, pressure-sensitive adhesive-coated backing. The many varieties of Safety-Walk materials can be cut into any size and shape to design a foot-safety system that is functional, attractive and meets your needs.

3M™ Safety-Walk™ Coarse Tapes and Treads–700 Series

- For extreme heavy traffic areas
- Mineral-coated, slip-resistant surface
- Extra-large abrasive particles help provide a stable surface even in the presence of water or oil
- High performance adhesive creates excellent bond to most surfaces
- Applications: construction vehicles, semi trailers, oily wet areas, platforms and ramps, machine shops
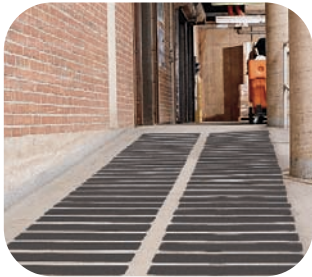

3M™ Safety-Walk™ General Purpose Tapes and Treads–600 Series

- For light to heavy shoe traffic areas
- Mineral-coated, slip-resistant surface
- Pressure-sensitive adhesive, covered by removable protective liner, is easy to apply
- Applications: stairs, ramps, entrances, lawn equipment, ladders, construction machinery and vehicles

3M™ Safety-Walk™ Conformable Tapes and Treads–500 Series

- For irregular surfaces in light to heavy shoe traffic areas
- Mineral-coated, slip-resistant surface

3M™ Mat Tack

- Helps keep mats from creeping or sliding out of position on carpets. Not recommended for mats used on deep-cut pile carpeting

The 3M™ Nomad™ Entrance Matting System

The Nomad™ entrance matting system is designed to stop dirt and moisture at the door, keeping floors throughout your facility clean. The system consists of several different types of mats, each doing a specific job. Nomad scraper matting–vinyl loop removes dirt and moisture from shoes before people even enter a building. Nomad scraper matting–z-web collects more dirt as people pass through the foyer. Finally, Nomad carpet matting captures dirt and moisture inside the doors. The result is cleaner-looking floors that are easier to maintain, safer for building occupants, and less likely to be damaged by tracked-in dirt.

3M™ Nomad™ Scraper Matting–Vinyl Loop

- For placement outside entrances
- Resilient vinyl-loop construction
- Surface stays clean, minimizing tracking in of dirt and moisture
- Choice of backed or unbacked construction:
  - Backed keeps debris away from the floor in indoor areas
  - Unbacked allows dirt to flow through in outdoor areas
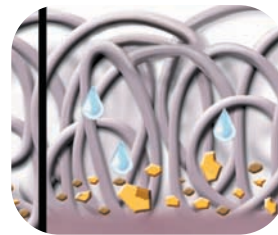

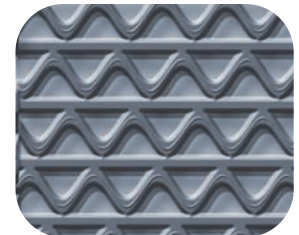

3M™ Nomad™ Scraper Matting–Z-Web

- For foyers and recessed wells
- Peaked edges scrape off dirt and debris
- Durable–won't flatten over time
- Choice of backed or unbacked construction:
  - Backed keeps debris away from the floor in indoor areas
 - Unbacked allows dirt to flow through in outdoor areas

3M™ Nomad™ Carpet Matting–Dual Fiber

- For placement inside buildings
- Patented dual-fiber design:
  - coarse polypropylene fibers scrape, remove and hide small soil particles
  - fine looped nylon or polypropylene fibers wick away water
- Resists crushing and staining
- Vacuums clean
- Vinyl backing protects floors from dirt and helps reduce mat movement

- Aerosol products designed to effectively control malodors
- Can be used to control most organic, chemical and smoke odors

3M™ Non-Acid *Foaming* Disinfectant Restroom Cleaner Ready-to-Use

- A ready-to-use product formulated to quickly penetrate soap scum and soils found on restroom surfaces
- This non-acid product provides powerful foaming action making it an excellent choice for cleaning vertical surfaces

3M™ TB Spray Disinfectant Aerosol

- Aerosol disinfectant designed to prevent mold, mildew and bacteria on environmental surfaces
- For use on walls, floors, urinals, fixtures, containers, toilet seats, telephones and trash cans

Scotch-Brite™ Medium Duty Scrubbing Sponge No. 74

- Dual-action cleaning tool
- Made of a scouring pad on one side for scrubbing and cleaning and cellulose sponge on the other side
- Quickly wipes up spills and messes and can carry cleaning solutions to the work surface
- Applications: walls, tables, fixtures, countertops and floors

Scotch-Brite™ General Purpose Scour Pad No. 96

- The original synthetic scouring pad and a performance pacesetter
- Use it for everyday cleaning of most equipment
- Replaces steel wool and metal sponges
- Won't leave metal slivers in hands
- Long lasting, non-rusting and resilient

Scotch-Brite™ Power Sponge No. 3000

- Two cleaning tools in one—Scotch-Brite™ Power Pad combined with a sponge
- Scratches surfaces up to 8 times less than other medium duty/heavy duty commercial scouring products
- Features 3M's unique anti-microbial technology integrated into every fiber to resist the growth of odor causing bacteria in the sponge through hundreds of uses

Scotch-Brite™ Light Duty Scrubbing Pad No. 9030

- A convenient thick, hand-size pad designed for gentle, no-scratch cleaning of the most delicate surfaces
- Applications: glass, plastic, ceramic and non-stick surfaces

Scotch-Brite™ High Performance Cloth

- Provides ultra cleaning power because of its knitted, interwoven construction of water and oil-absorbing microfibers that lift and trap solvents, oil, grease, dust and dirt particles
- Surfaces are left cleaner than with conventional wipes
- When used dry or damp, it is excellent for the removal of: compounds, polish residues, waxes, fingerprints, dust residue, abrasive residue, solvents, splatter from welding, and grease from injection molded parts

3M™ Health and Safety Services:

On-Line Solutions To Help Personnel Be Safer On The Job

Medical Evaluations

Employers are required to provide a respirator medical evaluation to persons who may be required to use a respiratory protection device. 3M offers an On-Line Respirator Medical Evaluation Service which allows respirator users to quickly complete an interactive OSHA medical questionnaire using any computer with internet access. Results are provided immediately. This is a low cost, easy-to-use method to have employees evaluated and prepared to use respirators when needed.

3M™ Respiratory Protection e-Training

Respiratory Protection e-Training is an on-line, interactive service that uses the latest techniques to maximize learning. It is customizable and allows access to training records, training curriculum and test results at any time. It is a standardized training method that meets OSHA, NIOSH and ANSI requirements.

For additional information on either of these services, please visit www.respexam.com or call 1-800-383-3393.
