## 2 D Ultra Grip Rubber Light

### 4250IND

#### NON-CONDUCTIVE

- Heavy duty rubber housing minimizes risk of electrical shock

#### NON-SLIP

- Square construction prevents rolling
- Textured handle area for secure grip

#### DURABLE

- Survives 7' drop test

#### FACETED REFLECTOR

- Provides wide, high-quality spot

A heavy duty rubber case makes the 4250IND ideal as a non-conductive lighting tool for electrical applications. In addition, it is safe to use for plumbing and wet areas.

A built-in lanyard and clip easily hangs the light from nearby pipes or other extrusions. With an improved, faceted reflector you can count on this light for a wide, high-quality spot.

**Before Using Your Flashlight:**  
Please read all instructions and cautionary markings on the package and light
