

451

WEATHERPROOF

- Floats for easy recovery from water
- Survives rugged weather on the job

NON-CONDUCTIVE

- Protects operator from immediate electric shock

DURABLE

- Resists breaking from dropping or abuse
- Resists staining and corrosion

BRIGHT

- Large reflector assures a bright beam

The 451 is a good choice for marine applications. It is shockproof and floats for easy recovery from water. The large reflector provides light for a wide area.

An impact-resistant housing withstands damage from dropping and abuse and the chemical-resistant polypropylene body protects it from staining and corrosion. This light is a great choice for demanding job site conditions.

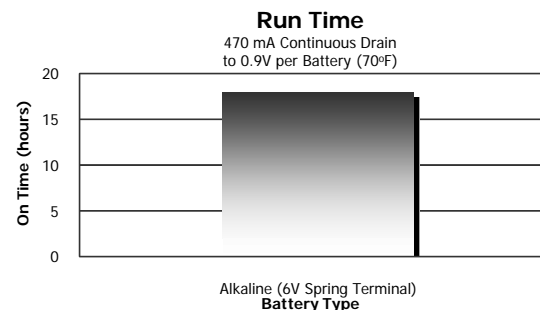

Before Using Your Flashlight:
Please read all instructions and cautionary markings on the package and light
