Titanium Tweezer Style 5

▪ TITANIUM TWEEZER STYLE 5

\$27.80

For extra fine work, long blades break sharply from body and taper to super fine points. Overall length 4 1/4".

Titanium tweezers are advantageous for use in the electronics and science industries due to lack of the shedding of particles-like the stainless steel tweezers. Anytime an abrasive substance is handled and microscopic particles are a detriment, titanium is a good choice. Titanium is non-magnetic therefore is extremely useful when handling magnetic materials, or when working in a magnetic field.

Model: 18062TT

Shipping Weight: 0.05lbs
